### Council Delays Sewer Hearing

South Torrance residents will meet with City Engineer Ronald W. Bishop to iron out protests against a sewer district assessment. A number of objections against the spreading of the charges were received at Tuesday's public hearing before the City Council. After 45 minutes of protests, the Council ordered Bishop to call a meeting at which he could explain the plan thoroughly and possibly eliminate some of the protests. The hearing was continued until Aug. 5 at 8 p.m.

### Board Approves Hospital Plans

Schematic drawings for a Harbor General Hospital addition were approved by the Board of Supervisors Tuesday. They gave the go-ahead to architects to draw final plans for the central heating-refrigeration plant and laundry building at the Torrance hospital. Construction of permanent building was approved by the voters in November, 1956, when they ratified a \$15,000,000 bond issue.

### Two Injured in Weekend Crash

A teen-aged pedestrian and a motorist were injured in two weekend traffic accidents. Police said that Erling Alfred Newgard, 14, of 4314 Newton St. was taken to Harbor General Hospital after he was struck by an auto driven by Stephen Charles Foster, 17, of 1121 Faysmith Ave. The motorist, Roy Erwin Shumway, 27, of 5138 W. 125th St., Hawthorne, was hospitalized after his car apparently lost control and rammied into a tree on Western Ave. near the Douglas Aircraft plant.
